

GoldenKaryo:

(Online Chromosomal Analysis)

Precision diagnostics, simplified for your practice Experience seamless, high accuracy chromosomal analysis from start to finish.

About Us:

GoldenKaryo is a specialized digital platform under the Golden Genes umbrella, dedicated to streamlining chromosomal diagnostics for healthcare professionals. We bridge the gap between complex laboratory processes and clinical needs by providing a secure, efficient, and precise online analysis workflow.

Our Core Services:

Cytogenetic Analysis: High-resolution chromosomal assessment.

Online Case Submission: A secure, cloud-based platform for medical practitioners.

Rapid Diagnostic Support: Expedited professional analysis with clinical grade accuracy.

How It Works:

Submit Online: Fill in your case details through our secure digital portal.

Sample Processing: Our senior team reviews and processes your sample with state-of-the-art technology.

Professional Reporting: Receive comprehensive, high-resolution analysis results delivered to your facility.

Why Choose GoldenKaryo?

Scientific Rigor: Built on the trusted "Gold Standard" protocols of Golden Genes.

Efficiency: A simplified digital-first approach designed for busy clinical practices.

Precision: High-accuracy results ensuring reliable clinical decision-making.
